Prof. Dr. T. J. Sawant
President

Ref. No.: SBERCT/BIT/NAAC/2023-24/CR.2/2.6.2 / 12

Date: 12/12/2024

To,
The Coordinator,
NAAC; Bengaluru.

Subject: Proof of attainment of PO & CO.

References: 2.6.2 attainment of programme outcomes and course outcomes evaluated by institute of 2023-24 with attestation of Head of Department enclosed herewith.

The detailed documents are available at following link:
<http://bitbarshi.edu.in/pdf/AQAR/criterion-2/pdf/2.6.2.pdf>

Enclosures:

1. Proof of attainment of course outcomes.

UNIT TEST - 1

Course: (B.Tech)CSE

Sem: VII

Subject Name: Cloud Computing

Subject code: BTCOC702

Max Marks: 20 M

Date: -14/09/2023

Duration: -1 Hr.

Instruction to students:

Draw the diagram if necessary

Que. 1. Solve following questions.

(4*5= 20 M)

1. What is cloud computing.
2. Explain Vision and History of cloud computing.
3. What is Virtualization and its types.
4. What is cloud migration and benefits.

Principal

Add on Course

Name of program	Python training/Workshop
Date:	16 Jan 2024 To 07 Feb 2014
Venue/address	Conference hall Inauguration and CC Lab
Guest /Trainer	Shreevidya infotechnologies, Daffrin Chow, Near Kala Maruti Mandir, Solpaur, Dist: Solpaur
Audience	All Students of E&TC and CSE department

Aim: To organize python workshop add on course.

Objectives of program: Python is an in-demand, accessible programming language with an active, ever-growing community of users. For anyone looking to switch careers into the tech world through coding, Python is a great place to start. It's relatively easy to learn and incredibly versatile, and it's used in a variety of fields, from data science and machine learning to game design. The students are beginner or they has learned a couple of programming languages, so you will likely agree that learning a new programming language can be challenging. Even more so when you don't have the right resources and guidance. But with the right help, you can make it an enjoyable experience. This is make possible right help through Nisha Mam and Siddharth Sir fom Shre vidya infotechnologies at Solapur. Student gain real time work environment experience under the guidelines and teaching skills.

The inaugural of the soft skill witnessed the presence of Mr. Ruturaj Sawant Director, Shri Mundhe V.K. Vice Principal, BIT Barshi, along with the faculty and staff members of Department.

With an increasing professional environment, technical skills have become a high-demand necessity in every organization. Recruiters search for best technical knowledge while interviewing them for a role. It is always essential to technical skills. Because of this student make an amazing salary and enjoy a secure future, global job market by achieving such skills while learning. They will help you accomplish goals, take you forward in your profession, and land you a fundamental leadership role in management.

Participants:

The Second and Third year students of E&TC and CSE department actively participated in the session.

Conclusion:

The student of E&TC and CSE department has participated and successfully completed add on course

Activity report on

Industry Oriented Python Workshop

Name of activity: Python Workshop
Session Date and Day: 16-01-2024 to 07-02-2024
Time: 10.00 AM to 4.00 PM
Total No. of participants: (163) 96
Venue: CC Lab
Trainers : Mrs. Nisha Deshmukh
Mr. Siddharth Gojul
Who have attended: SY & TY(All Branch) Students.

Training & Placement Cell has organized a Technical event called "**Industry Oriented Python Workshop**" from 16 Jan 2024 to 07 Feb 2024 at **CC Lab**. This training is in collaboration with **ShreeVidya InfoTechnologies Solapur**. The event aimed to provide a platform for coding enthusiasts to showcase their technical skills and innovation. The event commenced at 10.00 AM with a warm welcome to all the participants. The organizers emphasized the importance of Python language and innovation in today's technology-driven world. The event was open to registered students and participants were encouraged to bring their passion and creativity.

The participants had to rely solely on their coding knowledge and problem-solving abilities to complete the given coding tasks. This event tested their ability to visualize and think through code implementation. The participants showed great enthusiasm and competitiveness throughout the event. All students are going with day to day practical labs and they can perform with live scenarios. Their dedication and passion for coding were evident as they tackled the challenges with determination. Participants had hands on industry oriented projects which give them a strong coding and operational knowledge. The atmosphere was filled with excitement and a sense of camaraderie among the participants at the conclusion of the event, all participants were presented with hardcopy participation certificates as a token of appreciation for their active involvement. The winners of each event were awarded certificates of Excellence, recognizing their exceptional performance and skills.

Best Practice 2: Product Design and Development

1. The Context:

Product design and development represent critical phases in the creation of products, systems, and solutions that address complex challenges across various industries. These processes are essential in translating theoretical concepts into practical applications, ensuring that innovations are feasible, effective, and aligned with user needs and industry standards.

2. Objectives of the Practice

- To equip students with the ability to identify, analyze, and solve complex engineering problems.
- To encourage students and teams to develop novel solutions to real-world problems.
- To develop students' ability to work effectively in a team.
- To bridge the gap between theoretical knowledge and practical application.
- To ensure students acquire both technical skills in engineering disciplines and soft skills essential for professional success.
- To strengthen the connection between academic learning and industry or community needs.
- To promote research and development activities that contributes to advancements in engineering and technology.

3. The Practice:

Institute is dedicated to fostering a culture of creativity and innovation by offering students unparalleled opportunities in engineering design and innovation. Institute provides a dynamic environment where students can explore cutting-edge technologies, engage in collaborative projects, and push the boundaries of traditional engineering practices. Through hands-on workshops, design challenges, and real-world problem-solving experiences, students are encouraged to transform their ideas into tangible solutions. This commitment to nurturing ingenuity not only enhances academic growth but also prepares students to become leaders in the ever-evolving field of engineering.

The students can choose the problem statement from the following domains from Table 1.

Table 1. Reference Domains for the student to select problem statement

E- Vehicles	Waste Recycling	Defense and Security	Robotics
Smart City	Environment	Healthcare	Woman Safety
Energy Conservation	Clean Water	Food Technology	Agriculture
Transportation	Renewable Energy	Pollution Control	Rural Development

The technology chosen to address the problem is detailed in Table 2.

Principal
Bhagwant Institute of Technology
Barshi.

Table 2. Various Technologies used by student

3D Printing	Data Science	Optimization	IOT
Robotics	MEMS	Artificial Intelligence	Data Analytics
PLC Automation	Machine Learning	Cyber Security	Cloud Computing

Students choose one or more tools from Table 3.

Table 3. Tools Used for PDD

JAVA	C++	Arduino Uno	Auto CAD
Network simulator	Python	CATIA-V5	MATLAB

4. Evidences of Success

The results of the PDD-Best Practice in relation to undergraduate research outcomes indicate that students have successfully done their Mini-projects and Major-projects as illustrated in Tables.

Table 4. No. of Products Designed

Sr. No	Academic Year	Total Product Developed including FY, SY and TY	Major Project B. Tech
1	2023-24	317	107

5. Problem encountered and resources required

- **Financial needs to develop product:** For good products, Institute provides financial support.
- **Time Constraints to complete the project:** The concerned labs are open beyond working hours to complete the project work.
- **Mentorship for innovative business model:** Few projects are sponsored and mentored from industry.

PSB
Principal
Bhagwant Institute of Technology

Students work in a team to develop the product

6. Conclusion:

The Product design and development process is a systematic approach that transforms ideas into practical solutions. It emphasizes creativity, problem-solving, and collaboration among diverse teams. Effective communication and iterative testing are crucial for refining designs and ensuring functionality. Ultimately, this process fosters innovation and meets the needs of users and industries. By integrating feedback and adapting to challenges, successful engineering outcomes can be achieved.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

**BHAGWANT INSTITUTE OF TECHNOLOGY, BARSHI
(AFFILIATED TO DBATU UNIVERSITY)**

2023-2024

JSPM's & SBERCT's

BHAGWANT INSTITUTE OF TECHNOLOGY, BARSHI

CERTIFICATE

This is to certify that Ms. Shubhangi Gapat, Ms. Pratiksha Kawade, Ms. Sneha Shelke, Mr. Chandan Pande, Ms. Madhura Betale Student of B.Tech. Computer science Engineering of B.I.T, Barshi has successfully completed the project report on **"Stock Trends Analysis"** in the partial fulfillment of degree course in the Computer Science & Engineering, of DBATU University, Lonere during the academic year **2023-2024**. It is certified that all corrections/suggestions indicated for internal assessment have been incorporated in the report deposited in the department library. The project report has been approved as it satisfies the academic requirements in respect of project work prescribed for the said degree.
